### ABOUT US

AirMedia Broadcast Solutions Pvt. Ltd. is a leading provider of comprehensive broadcasting services, drawing on 18 years of experience in FM Radio and Television broadcasting. Our extensive offerings include broadcast equipment sales and services, as well as setup for Private FM Radio, Community FM Radio, and Online Radio. We specialize in CTI maintenance, FM manpower support, FM transmitter sales & service, 24x7 AMC support, FM radio tower fabrication & maintenance, control room floor raiser setups, and FM programming support. Additionally, we offer Studio & Transmitter (CTI) manpower support, along with start-up and incubation guidance, media business support, and PR & celebrity management. Our commitment extends to providing A to Z training in media, Visual Communication (Viscom) & Mass Communication (Masscom) internships across various disciplines, including Arts, Science, and Engineering, as well as workshops- all designed to help students and professionals excel in the dynamic broadcasting industry.

### VISION

Bringing the power of FM broadcasting to every village in India. Connecting communities through information, education, and entertainment.
